## Why Our Counselling Stands Apart

*“Not all counselling services are the same – choosing the wrong approach can lead to losing a better college, unnecessary financial loss, or even a complete year drop.”*

## WHY PREMIUM COUNSELLING MAKES THE DIFFERENCE

The difference between average counselling and expert-led execution.

*“Information helps you decide.  
Execution ensures you succeed”*

Typical Counselling Approach	Premium Execution (Om Educare)
× Basic guidance only	✓ Complete execution (done-for-you)
× Outdated / static data	✓ Real-time updates & decision support
× Generic college selection	✓ Rank-based strategic planning
× No structured tracking	✓ CRM-based tracking & monitoring
× Risk of missing deadlines	✓ Every deadline tracked & managed
× Limited interaction only	✓ Direct access to experts & directors
× Low-cost, hidden risks	✓ Transparent process with clear scope

## WHAT MAKES OUR APPROACH DIFFERENT

### **Personalised Strategy, Not Generic Advice**

*Every student is different.  
We design a customised plan based  
on rank, budget, and goals  
– not a one-size-fits-all approach.*

### **Multi-State Strategic Planning**

*We don't depend on a single  
counselling. We plan across multiple  
options to maximise your chances  
and secure safer outcomes.*

### **We Work With Limited Students**

*We don't operate in bulk.  
Each student receives dedicated  
time, attention, and proper support  
throughout the process.*

### **That's Why We Are Not Low-Cost**

*This level of involvement, time, and  
execution is the reason our services  
are not priced like  
typical counselling options.*

### **Execution Backed by Data & Experience**

*We don't stop at guidance.*

*Every decision is supported by real counselling data and years of experience.*
