About OM EDUCARE SERVICES

OM EDUCARE SERVICES, a distinguished division of Bhargava Education & Consultancy Services Pvt. Ltd., has carved a niche as the leading name in medical education guidance. Founded in 2014, our firm commitment has been to guide medical aspirants to their dream careers, navigating them through the complex array of colleges and courses. Our dedication, particularly since the inception of the NEET examination in 2016, has solidified our role in transforming the aspirations of thousands into reality.

With a legacy built on meticulous research, personalized strategies, and a steadfast belief in prioritizing student needs, we have emerged as India's foremost Medical Admission Consulting Company. Our professional, transparent, and authentic approach has earned us one of the highest success rates in the industry. Operating from our main offices in Jamshedpur and Gurugram, along with associate offices in Jaipur and Prayagraj, we offer unmatched comprehensive support to medical aspirants across India, through both in-person and online channels. Our team of expert counsellors' employs uniquely designed counselling processes and tools, setting us apart as leaders in the field.

Reflecting on our journey, we are proud of the service we have provided, guiding students towards achieving their professional dreams in medicine. Our success is not just in the numbers but in the difference, we make in the lives of the students we guide, ensuring they are placed in institutions that match their aspirations, capabilities, and potential for a successful medical career.

AWARDED BEST MEDICAL ADMISSION COUNSELLOR OF INDIA

Why Choose Om Educare for Medical Counselling?

The counselling process helps students get into college and includes several types: All India, Deemed, Home State, and Open State. A crucial part of this process is filling out forms and making a list of preferred colleges, which needs to be done carefully. Sometimes, the counselling dates for different states clash, making it tricky for students. If a mistake is made, like choosing the wrong college, it could cost a lot of money (up to 2 lakhs or more) or even make a student lose their chance for better options later on, even if they have good marks.

Many students miss out on good colleges because they don't have all the information they need. **Our packages are designed to give you the best chance of getting into a good college by keeping you in the running for as many rounds and in as many states as possible, including at the national level.** This way, you have a better chance of getting into a college that fits both your goals and your budget.

To cater to the diverse aspirations and unique needs of medical school aspirants, we've carefully curated **three distinct packages: The Premium Medical Counseling Package** for those seeking comprehensive, personalized support; **Basic Counseling Guidance** for applicants looking for essential insights and advice; and **Government College Counseling** for candidates specifically targeting admission into top government medical institutions.
